
STEM SUMMER PROGRAM

**A 6-week course in Deep Learning
and Artificial Intelligence**

About Our Program:

During the Summer Program, your child will complete a scientific research project under the tutelage of a court-recognized expert in engineering and computer science. Our students' prestigious awards include:

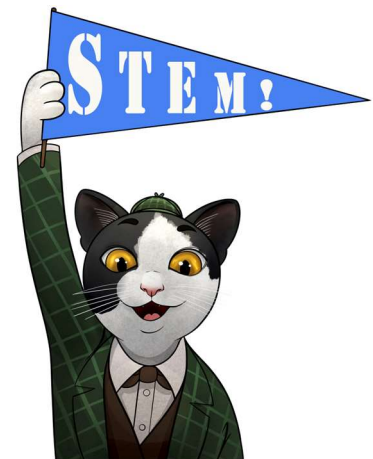

- 2022 Regeneron Science Talent Search Finalist
- 2021 Regeneron International Science and Engineering Fair (ISEF) 4th Place
- 2021 Texas Junior Academy of Science 2nd Pl.
- 2021 LA County Science Fair \$2500 in prizes
- 2020 LA County Science Fair 1st Place
- 2020 Sigma Xi Student Research Conference High School Division Award for Engineering
- 2020 Spellman High Voltage Clean Tech Competition Finalist
